Partnerships Driving Ecosystems Restoration on Private Lands in the Yazoo Basin

Trey Cooke, Delta F.A.R.M. & Delta Wildlife
Richard Ingram, Mississippi Department of Environmental Quality
Andrew Peck, Ph. D., The Nature Conservancy
Al Garner, USDA Natural Resources Conservation Service
Ed Penny, Mississippi Department of Wildlife, Fisheries and Parks
Before a partnership can be successful, you must build a successful partnership.

1. What is the issue?
2. Who is concerned about the issue?
3. Who are the experts on the issue?
4. Who can affect the issue?
5. Is the issue relevant to those who can affect the issue?
Successful natural resource partnership must include those who have title to the land!
